

GEN063/18 WLR withdrawal update: Invitation to register interest in upcoming sessions

30/10/2018

For action

This briefing is for all Communications Providers (CPs).

This briefing invites CPs and industry groups to register interest in attending the forthcoming working group sessions on the key themes highlighted in the WLR Withdrawal and SOTAP development industry consultation working group.

Following the WLR Withdrawal and SOTAP development industry consultation working group held on 5 October 2018, it was agreed that a number of key themes merited review through individual sessions. The schedule of upcoming sessions is available on [this page](#).

Key Themes

CP and Reseller Relationships

Number Portability

White Label Communications

SOTAP Product Development

WLR, SMPF, SLU SMPF Stop Sell

WLR Withdrawal Trials

Special Services Testing

Migrations Management

MIS Reporting

Managing Orphaned End Customers

Register your Interest

Please complete the following form indicating the key themes you are interested in being involved in through the upcoming sessions.
