

FITAS

PATRON

FITAS Patrons are stakeholder companies who have committed to support of the FCS Installer Training & Accreditation Scheme (FITAS). Through this commitment they are demonstrating their support for best practice in the field of in-vehicle communications installation, accreditation of installers working to the industry code of practice, FCS1362, and recognition of the FITAS accreditation as a sign of an installers ability to provide a quality service and above all a safe installation.

This document provides a record of the companies who have committed their support to the scheme.
